## EDUCATIONAL & ARTS PROGRAM

### What's New!

In 2021 at Mosaic, we switched back from offering all-day care for our virtual students to our typical after-school programming, provided a safe Summer Arts Camp, continued our Food Relief Program, and grew our Youth Leadership Academy's internship program. We served approximately 355 individuals this year, which is around 106 families, and included 9 students learning English for the very first time.

As we continue into 2022, we have hired a new Classroom Teacher, have expanded our program to include new students, are preparing for our annual Cultural Celebration Fundraiser, and getting ready for this year's Summer Arts Camp.
